EAN	5902560355277

Product description

This is a classic set of chess pieces in great Staunton style. Black pieces have been ebonised - the process of assimilation to the chess pieces made of ebony. These are some of the most popular chess pieces. They are characterized by high quality and reasonable price.

Classic Ebonised chess pieces are perfect for playing at home, club or in tournaments. Pieces are weighted and equipped with felt pads on the bottom. These pieces feel great in the hand and glide across the board nicely

TOTAL WEIGHT: 1 kg
