### Product description

The design of this set is the same as the one of the large Cesar set CH102. However it goes with smaller chess pieces and the chess board of 60x30cm instead of 85x42,5cm. Playing is very convenient due to its medium size. The lovely chessmen made from lime wood are fully hand-crafted. The burned hand decorated folding chess board has two compartments finished with felt lining for the chess pieces storage inside. This set is available in brown colour only. If you look for a luxury gift this is what you need.
