Product description

This sparkling fresh DGT Easy clock was developed in cooperation with Judit Polgar, the Greatest Woman Chess Player of All Time. It has a modern and attractive color design and the cheerful Polgar chess figures are printed on the back.

The Easy JP is supplied in a specially designed gift box and available from June 2013. Like [REDACTED] the Polgar version is practically unbreakable and perfectly suitable for children, schools, chess clubs and home use.

Playing chess is even more fun with this playful clock next to the board.
